

# GENERAL INFORMATION

This is a PRINTS ONLY exhibition.

You can enter a total of eight prints which can be either colour or monochrome or a mixture of the two, made by any photographic process.

## Digital File

- In order to ensure accuracy of reproduction of any accepted images on our website, in the catalogue and in our CD slideshow, we ask that a digital file of each image accompanies your entry. The digital file will not be used in the selection of the exhibition. Only the print will be viewed.
- On-line entry allows you to upload your digital file directly to our system. If you use the manual entry form then your entry should include a CD containing your digital files if possible. If, however, your images were film captured then please indicate on your entry form that no digital files are available.
- If, for whatever reason, a digital file is not provided, and your print is selected, we cannot guarantee that it will be included in the catalogue, on the website or on the CD.
